# Important information about Your insurance

It shows **Your** details, the Policy number, the **Underwriters**, the location of the **Holiday Park Home** and any other property insured, the Period of Insurance, the **Excess**, and the premium. The Schedule is part of the Policy and **we** will issue a new Schedule when the Policy is altered or renewed.

## Policy

The Policy is the contract of insurance between **You** and **Us**.

## Law & jurisdiction applicable to the insurance

The parties to this insurance contract are free to choose the law applicable. Unless specifically agreed to the contrary this insurance shall be governed by the laws of England and Wales and subject to the exclusive jurisdiction of the courts of England and Wales.

## Cooling Off Period (Consumers)

If **You** use **Your Holiday Park Home** solely for social, domestic or pleasure purposes and not for hiring, letting or reward **You** are entitled to cancel this insurance by writing to **The Coverholder** within fourteen (14) days of either the later of:-

# Helpful Hints to Protect your Holiday Park Home

(These are guidance notes only and do not form part of the Policy)

There are plenty of practical ways to reduce the likelihood of loss or damage.

## Drain Down

It is extremely important that the water system is fully drained down during the winter period and whilst unoccupied. Most **Holiday Park Homes** require the system to be drained down in the colder months to prevent frost damage.

It is very unlikely that you will have the specialist equipment needed to drain down the water system and blow the pipes through with compressed air. We would therefore recommend that you speak with your park owner/manager for advice as most parks offer a professional drain down service.

We recommend lagging external pipes and a Gas Safe registered engineer should check and service water heaters and central heating systems annually.

## Theft

It is worth considering the following precautions:-

- (i) Fitting an alarm system
- (ii) Out of season or if unoccupied for a long period, take electrical goods and portable personal possessions home with **You**
- (iii) Out of season hide anything left in the **Holiday Park Home** and leave curtains and cupboards open so it is obvious there are no valuable items left in **Your Holiday Park Home**

## Water Ingress

Sensible precautions should be taken as follows:-

- (i) Inspect the seams where panels join and talk with **Your** park owner/manager if any problems are encountered which could cause **You** water ingress
- (ii) If **You** have roof gutters, then these need to be kept clear of obstructions
- (iii) Keep the exterior panelling clean and check the general condition

## Fire

**We** recommend that **You** fit a smoke detector (and check on a regular basis). Fire blankets and extinguishers should be kept in the **Holiday Park Home**. Make **Yourself** aware of the position of fire hoses and extinguishers on the park.
